Purpose
The purpose of this policy is to address requests by residents for accommodation for religious beliefs or practices and to ensure that patient care, educational activities and ACGME duty hour standards are not compromised and that the equitable treatment of residents is assured.

Policy
Upon request, residency training programs may extend a reasonable accommodation to the resident, or allow a voluntary duty hours “swap” between residents, provided that the accommodation will not result in an undue hardship on the conduct of the program’s business, a compromise to educational activities, an inequity to other residents, or problems with ACGME duty hour standards.

Procedure
1. The following procedure must be followed by each resident requesting an accommodation.
   a. The resident must make a request in writing for a specified reasonable accommodation based on his/her religious beliefs or practices.
   b. If the accommodation is approved by the Program Director, the resident and Program Director must sign a letter of agreement which includes:
      1. The nature and a description of the accommodation;
      2. A statement that the resident is responsible for completing all requirements of the training program, and that it may not be possible to repeat certain didactic or clinical training lost due to the accommodation.

2. The following procedure must be followed by each Program Director upon receipt of a written request for religious accommodation:
   a. The Program Director will review the request in a timely manner to determine whether the accommodation can be made.
   b. If the Program Director determines that accommodation request will be granted, the Program Director will prepare and sign a letter of agreement as stated above in 1.b.
   c. If the Program Director determines that accommodation is not possible, he/she may authorize a voluntary duty hours “swap” between similarly qualified residents. This duty hours “swap” must be completely voluntary by all parties, and must not interfere with the educational activities of the program or the individual residents.
   d. If the Program Director determines that accommodation or a duty hours “swap” cannot be granted, the Program Director will notify the resident of this determination in writing in a timely manner.
   e. To assist residents in determining in advance what accommodations might be possible in a specific program, Program Directors may, at their discretion, publish guidelines applicable to their program.

3. Any accommodation agreement between a resident and his/her program director shall apply only to the resident’s home program. The agreement shall not apply to rotations to other programs, unless a
formal written agreement to honor religious accommodation requests has been executed between the programs and has been approved by the GME Executive Committee. Programs may decline to offer accommodation to visiting residents for the same reasons that they would decline accommodation to their own residents.

4. In the event of an appeal of a Program Director’s decision to decline accommodation to a resident, the resident may proceed as described in GME Policy 1.410, Adjudication of Resident Grievances.
