Policy 1.200  
Graduate Medical Education Committee

Section  
Educational Administration

Subject  
Recruitment and Appointment

Policy Requirements  
ACGME Institutional: IV.A. & B  
ACGME Common: I.C.; III.A.  
UAMS Administrative Policy 4.5.31, UAMS Medical Center Policy HR. 3.02.

Version History  
Date developed: 1/1989  
Replaces: previous policy of same name, dated 8/2010  
Legal Review: 7/2019

Purpose

To define the requirements and procedures for the recruitment and appointment of residents to Accreditation Council for Graduate Medical Education (ACGME) accredited programs sponsored by the University of Arkansas for Medical Sciences College of Medicine (UAMS COM). To define the process for monitoring each of the ACGME accredited programs for compliance.

Policy

A. The recruitment and appointment of residents to programs sponsored by the UAMS COM is based on, and is in compliance with, the institutional, common and specific program requirements of the ACGME.

B. Each program must establish and implement written policies and procedures for the eligibility, application and selection processes of residents based on this policy. Each program’s written procedure will include the criteria, including requirements related to a resident ability to perform clinical and other duties, and procedure used by the program to select residents and the length of time the program keeps the applications on file. Implementation of the program policy is the responsibility of the Departmental Chairperson, the Program Director, and/or departmental faculty.

C. Programs that sponsor visas must plan for the additional administrative burden and financial resources required for sponsorship. Frequently, foreign nationals require extended time (funding) in the program due to immigration document processing. Programs may need to assume responsibility for funding outside of traditional program year.
D. National Resident Matching Program (NRMP) Match Participation Agreement for Application and Programs (5.1 Match Commitment) states that failure to start the training program on the date specified in the appointment contract, without a waiver from the NRMP, constitutes a breach of the Match Agreement and may result in penalties.

E. The program must not discriminate with regard to sex, race, age, religion, color, national origin, disability, veteran status or genetics. The program must have policies and procedures related to recruitment and retention of a diverse and inclusive workforce.

F. A program’s compliance with the terms of this policy is monitored annually when the Program Director and/or Program Coordinator submits to the Director of Housestaff Records verification that all incoming residents of the program meet the eligibility requirements.

G. Transfers must meet eligibility and selection criteria and successfully complete the criminal background check. Program must ensure that Graduate Medical Education (GMEC) policy 1.210 on Resident Transfers has been followed.

H. Health insurance benefits will begin for the residents and their family on the first officially-recognized day of the program.

I. If an applicant’s required training time will extend beyond the initial residency period (IRP) assigned by Centers for Medicare and Medicaid Services (CMS) for funding, programs must verify that additional funds are available through the appropriate GME mechanism. An example is a resident who changes programs by re-entering the Match, since CMS does not ever assign a new IRP.

J. All candidates for residency programs are subject to background checks subject to UAMS Administrative policy 4.5.31 and UAMS Medical Center policy HR. 3.02.

Procedure

Recruitment

An applicant must meet one of the following qualifications to be eligible for appointment to an ACGME-accredited program:

a) graduation from a medical school in the United States or Canada, accredited by the Liaison Committee on Medical Education (LCME); or,

b) graduation from a college of osteopathic medicine in the United States, accredited by the American Osteopathic Association (AOA); or,

c) graduation from a medical school outside of the United States or Canada, and meeting one of the following additional qualifications: holds a currently-valid certificate from the Educational Commission for Foreign Medical Graduates prior to appointment; or, holds a full and unrestricted license to practice medicine in a United States licensing jurisdiction in his or her current ACGME specialty-/subspecialty program; or, has graduated from a medical school outside the United States and has completed a Fifth Pathway** program provided by an LCME-accredited medical school.
In addition to ACGME requirements, the following apply:

a) Since pursuing a career in Arkansas is desired, no program shall admit a resident/fellow that the Arkansas State Medical Board (ASMB) will not consider for an Arkansas license. See Arkansas Medical Practices Act 17-95-401 through 17-95-407 on Licensing, Regulations 3 & 14 of the Regulations of the Arkansas State Medical Board.

b) Successful completion of any step of the USMLE or COMLEX in no more than 3 attempts per step (ASMB Regulations 3 & 14).

c) An applicant must demonstrate the following English language proficiency:
   1. Proficiency in reading and writing (printing) English text;
   2. Proficiency in understanding spoken English on conversational and medical topics;
   3. Proficiency in speaking English on conversational and medical topics.

   Any appointed resident found to be in violation of the English proficiency eligibility requirement will be referred, at the expense of the program, for appropriate remediation.

d) The ability to reside continuously in the U.S. for the entire length of training.

Appointment

The Resident Agreement of Appointment is for the duration of no longer than 1 year but may, under some circumstances, be less than 1 year.

A resident is considered appointed in the COM when all required onboarding processes have been successfully completed.
